

Salam is a new generation application that combines all the possibilities for communication and entertainment. Here you can not only chat with friends, but also share your moments of life. For all this, separate applications are no longer needed - everything is available in Salam.

Communicate with the whole world.

In Salam, you can instantly exchange messages with friends, as well as find new friends

Share posts and stories.

You can post photos, videos or just share your thoughts in text format. All this can be published in classic post or story formats.
